

CCR-Password –Update every 60 Days

New requirement for companies who are registered at www.ccr.gov: You must change your password at at least every 60 days. See below. FAQ at www.ccr.gov

Q: What are the rules for creating a password in CCR?

A: The following rules apply to CCR passwords:

- A password must contain at least eight total characters including at least one upper case, one lower case, one number, and one special character (i.e., @, #, \$, %, *).
- An example of an acceptable password is AB123#\$de.
- A password must be changed at least every 60 days.
- A password must be different from the previous six passwords used.
- A password may not be changed more often than once every 24 hours.

If a password is entered incorrectly three times within a 60-minute period, the account will be locked for 60 minutes.
